May 8th/13

My dearest Lorie

It is now 5³⁰ in the afternoon and I am on my way to Three Rivers where I will camp for the night. I leave for Shawmigan Falls at 6⁵⁰ AM tomorrow morning. It is quite a little drive out to the work but if possible I will leave for home at 2.30 P.M. and get home at 6³⁰ or probably 7. Otherwise I will leave at 4.45 and get home at 9⁵⁰ or a little later.

I was fortunate again today getting 3 large drills and two small ones, also an \$1136⁰⁰ Air Compressor etc. Altogether coming to \$2370⁰⁰.

This makes 9 drills, 1 pump, 1 Compressor, 1 hoist and some smaller things in 1 week. Tomorrow, unfortunately, is charity work.

All of which must be wildly interesting (?) to you. I rather hoped to have a note from you at

the Chateau but I had to get
along without it. I hope no news
is good news and that you have
not tired yourself out, going to
Pointe Claire and working too much.

Quebec was nice today. I came
across in the ferry this morning
after sleeping at the Lewis Victoria
House, which is very nice. I was
about at 7 o'clock again this morning
as the practice seems to improve
business.

I will try to spend only from
9 to 10 at the office on Saturday
so that if you like I can catch
a quite early train to Pointe Claire.
Sorry I can't say positively that
I will be in time for dinner tomorrow
well be good Darling - I'm looking
forward to seeing you.

With love

Your affect husband
