Dearest Edward

I have had no word from any
body since I left, perhaps I
will hear tomorrow - Mary and I
have been having a very interesting
and pleasant time here - but I
must say, I miss you a little.
We have been over to Lake Placid

Club several ^{2.} times. Mary and
Alice had a game of tennis there
today — Last night we had a
very pleasant visit with Dr May
the head of the Sanitarium. He
lives in a very lovely apartment
is a bachelor — a most fine and
interesting man. We met a rather
humorous journalist while there.
He joined us at the Club this
afternoon. — After tennis we drove
to a place called Keene and
had dinner — beautiful drive
running along lakes with high
mountains. — Tomorrow morning
we are going about ride if
fine —

Mary and I are planning to
motor to Albany on Saturday
and from there we may take
a bus or train to the Fair — Mary
is crazy to go — and everybody
says it is getting better all the time

and is so educational - I'm sorry
that Ruth is not with us - If we
find the morning easy, we may go all
the way. I have little thoughts for
directions -

I sincerely hope that you are well
& happy! darling of my heart - I will
be terribly glad to see you, and hear
all your news. I suppose that you
have been so busy and with such
interesting people that you have forgotten
all about me. I hope not -

Much love to you darling & come back
soon.
affectionately Lois.
love to Mary.
