Dear Mrs. Winslow-Spragge:

The boxed album of GMD photographs was certainly a remarkable way of expressing the appreciation of the country for your deposit of these valuable photographs.

I personally wish to thank you for a most pleasant morning. For the University Archives, may I thank you too for your generous gift which will be used for the near-print publication of additional guides to the Dawsoniana in our Collections.

* No. 1 of McGilliana is enclosed as promised.

Sincerely yours,

John Andreassen
University Archivist
