Dear old "Ling"

just a hurried line to
wish you and Edward every possible
happiness and success and I do hope
that you won't have to have a very
long wait now before you are married.

It must be a great relief to both
of you to get it off your chests so to
speak. I wish you would send me

a copy of your announcement and also
what the papers said about our wedding

How ^{did} the theatre party come off after
our wedding I do hope it proved to
be a success, did you go for supper
afterwards or what happened?

Tell Edward for me that he was peach
and tell him to be sure and make out a
bill for me for what I owe him for I want
to try and get everything straightened out
as soon as I can.

The people here a quite the funniest
ones I ever saw they are nothing more
than a collection of the stupidest old
fossils imaginable, rows and rows of them
over seventy and some over that
outside of the people this is quite the
most wonderful place imaginable
lovely drives and walks and such
beautiful views and combinations of
mountains and valleys I think you
and the Gents will love to come here
on your honey moon and don't forget
to bring your paints etc also.

Please remember me to all the others
and thank you all for being so awfully
good to me before we left.

Tell mother that she and Grandmother
were with one exception the bells of the
party.

Don't let anyone try and tidy up my room
for I just sud. know where I left
everything there.

How is Pate? is he continuing to keep
well after his treatment.

It is pouring to-day but we hope for
fine weather again to-morrow.

I must run now for Bunch is ready
so good luck to both of you and I hope
you will be able to be married before
very long.

Love to both of you and all of you
Your affec brother
Edward.
