Mr W. Dawson

I am desirous of employing  
some competent person on behalf of  
the Seal Mining Association to make  
Research for Copper or other Minerals  
Mr Brown speaks very favorably  
of you & I would prefer employing  
a Native of the Province, if you  
are desirous of being so employed  
under the direction of Mr Brown  
let me know the terms upon which  
you would be willing to perform  
this Service - I remain
