

I John N.B.

28 April 1869

My dear Sir

I write these few lines to notify you of the dispatch by mail of the articles on Acadian flora of which I spoke some time ago. If on perusal you think it worth publishing in the Naturalist I would be well satisfied to have it appear there, and the Society here would like to have 50 copies of it, in case such a disposal is made of it. If it is not ~~convenient~~ to publish it in your province please return as soon as convenient.

I enclose herewith \$3 to reimburse you for expenses incurred in distributing the Devonian plants for our Society, by order of the Council.

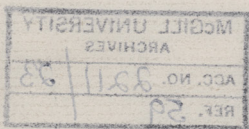

Our Societies will gladly receive any  
Devotion Cards which you may  
be able spare to it.

In case you do not pub-  
lish the article I should like  
that Mr. Watt should see it  
before it is returned -

I do not expect to do any  
work for the Survey this sum-  
mer unless permanently transferred  
to it; ~~so~~ so probably I will not  
be able to do any thing on the  
Laurentian this season, as I  
had anticipated -

Hoping to hear from  
you as early as convenient and  
to see you in case you visit  
St. John this summer, believe me  
very sincerely yours

J. T. Matthews

Our office will gladly receive any  
order you may wish to place  
with us. In case you do not find  
the article I should like  
that you note please see it  
before it is returned -  
of the most effect to the  
work for the during the same.  
our business permanently transferring  
to it as a probably I will not  
be able to do any thing on the  
ground that the business as I  
had anticipated -  
Stopping letters from  
you as early as convenient and  
to see how we can give you  
of what the business, before you  
very sincerely yours,  
W. A. Weston
