Prof J. W. Dawson,

My dear Sir

Don't think I am
altogether culpable in failing
to send you a description of
the Cephalopods before they
I have been waiting for
Lankaster's Monograph. &
have not yet had access
to it. I ordered all the
volumes of the Palaeont Soc
months ago but have not
recd. them - None of them
are to be found in New York
I find of waiting I have

sent to March for the
Volume I want to that
be able to send you the
description in a few days

I obtained many fine
things in Ohio during the
Summer beside the plants
of which I send you

I trust I may at no
distant day have the pleasure
of showing them to you

Yours Very Truly
A. S. Newberry
