Ottawa, 5<sup>th</sup> Dec. 1870.

My dear Sir

Many thanks for  
the Pamphlet copy  
of your lecture which  
I had previously read  
with infinite pleasure  
and instruction in  
the Montreal Gazette.  
Principal Dawson  
McGill College

With no memory  
of your worthy Parents  
my Aunt old friends  
fresh and unfading  
and some pride in  
no recollection of our  
early associations as  
public men, you may  
well believe how I  
delight to mark how

year by year your  
views widen and  
your intellectual stores  
to accumulate. I wish  
our Statesmen would  
rise to the level from  
which you survey  
the field of obligation  
and do the great  
work you outline  
before we pass off  
the stage.

Believe me

Truly Yours

Joseph Howe
