My dear Sir,

Not having any
copies of the new Ontario
Bill, I have sent as
your request to Dr
Hodgins Deputy Super-
intendent Toronto, whom
I have no doubt will
attend to it.

Many thanks for
your kindness in the
matter of shells. My
movements for next

Summer are as yet
altogether uncertain;
but if I can find
my way to Nova
Scotia, I shall certainly
give you a call; and
shall write to you
beforehand should I
be able to go in your
direction.

It would certainly
be very interesting to dredge
in Bedford Basin,
and I have plenty

of small dredges; so that
if I can come I shall
have your suggestions
in mind,

Sincerely yours
W. Dawson
