Edinburgh 18th. Feb

My dear Sir  
I received your letter  
of 25 March and have not quite  
understood it. I have not seen  
anybody who has been in contact  
with any person to whom  
that person's name is mentioned  
my better than a lucky shift if it is  
not connected in any way with the  
Royal Infirmary. I have been looking  
about to try to get some information  
for you which might be useful  
but without that much success.

I have heard from one of the chief  
officers of the Maternity Hospital who has  
extensive acquaintance with the  
infirmary and that it is not  
connected with the infirmary.

in Britain that he considers a Model  
Hospital of the kind. &

However, I have seen Mr. [Name], the  
Architect, for the new [Name], who  
although he has no plans of his own  
for a [Name] Hospital, says he has  
some works on the subject which please  
which he has promised to look up  
within a few days. When he will  
inform what works they are  
if satisfactory at all, you may  
be able to procure them. It should  
do not bear proceeding further  
in three days. I am & remain  
again, and I expect to be able to  
write you next week, but for  
this time I must close. Write

Just today what I have been saying.  
at your letter has remained unchanged  
and answered. I am sure all in  
I must thank you for your kind and most  
valuable advice by which he has not only  
been preserved in all his affairs but  
that he has enjoyed his health during  
the summer months at all  
costs, and may lead to a  
thing more permanent  
I have been very much obliged to  
you for your kind and constant  
of grief to us, and for the  
anything that can be done to  
bring her to a better state of  
mind, she is now recovering  
and may need  
God's grace and lead her to  
a good end.
