Saint John, N. B., 1st July, 1871.

Dr. Dawson,
Sir.

I have been reading with much pleasure your Geological Sketches now appearing in "Leisure Hour." Feeling much interested in them, and being desirous of increasing my knowledge of the science I write to know if you would kindly recommend me some elementary work for that purpose, and suited to my capacity. I am 22 years of age, and have a common school education, with a slight knowledge of Latin.

your obedient servant.

J. W. Graham.

P. S. -

I see notices of a new department being added to M^cGill College. Would you be kind enough to send me a copy of the Calendar.
