

OFFICE OF

The President of the Council—Ontario,

PrivateToronto, 15th March 1872

My dear Sir

I have your letter with reference to the Technical School. The arrangements have not yet been considered. The subject will probably be taken up in a few days. Any arrangements that may be made would be only provisional until the meeting of our Legislature. No appointments have yet been made or even thought of. This is all the information at my command

at present. Should anything
more occur to me which I
think of consequence to your
object I will write you again.

Yours faithfully
L. Murray
