My dear Lesley

I have to prepare
for the new Edn of the Amer. Cyclopaedia
(Appleton's) a sketch of yourself. Have
you any notes or materials, printed
or otherwise, with which you can pro-
vide me. and are you willing to
trust your life in my hands? If
so I shall be glad as soon as conven-
ient to hear from you in this matter.

If, as I suppose there is a sketch
accessible in some work please
inform me.

There put now in hand a sketch of
James Hall.

I shall soon be able to send you a paper
perhaps on the coal fields of the Hocking
valley in which I feel great interest.

I shall be at the meeting of the Insti-
tute of mining Engineers in New York
next week, and wish that I might
meet you there. Please give
my best respects to Mrs. Lesley.

and believe me

always yours

Terry Hunt
