My dear Sir

There is an article  
in today's Herald on the  
Coal trade of Canada, which  
I think gives an admirable  
opportunity of speaking of  
our iron fields. As I  
am now moving in the  
matter, a well considered  
letter on the subject from  
you, quoting from the reports  
of the Geological Survey if  
possible - (I believe it is in  
print) would help us  
much. I shall be  
glad to see you however  
before you publish.

Ernest Innes
