My dear Original Darwin

Many thanks for
your kindness in sending
me your excellent Originals
on Origin of Corals
which I have seen &
admired. You have
done good service to
Science. None of great
importance than such
writing as you do do
is well against the
attacks made on it

Men of Science
Long may you continue
to publish such articles
in support of the Word
of God.

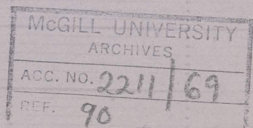

You are aware I have
no land and no
cutting. I hope I may
obtain what is now
occupied by the
Inkwell & the
Paper of the
Men of Science.
Be as good as
dead.

I am glad to hear that
you have the spirit
with yourself - as of the
Dulwich of National Museum
as you are in contact
with the British.

We have been busy
but same with the
Dulwich

we have 27 acres of
ground which is now being
prepared for planting
them what we are planting
a fence of trees around
the outer part of the
ground.

We have in an
