

Amusing

Leeds - 3 Nov^r. 1883.

My dear J^r. Dawson,

Just a line to thank
you very much for your
kind letter of the 1st. inst^r.
in reply to mine of the 30th.
ult^r. -

I hope you will all
have a pleasant and
enjoyable visit to London,
and see all the sights in
which you may be interested.

I have just had Prof^r.

Uwinn, one of the ^{*}Carpenter's
Hall (Stainers) men, here. - He
tells me that Holloway,
the patent pill-man, is
building, or has built, I
fear - which, an enormous
"futon" in their neighbour-
hood, at a cost of no
less than £750,000 (three
quarters of a million sterling).

This, it seems to me, is
right to see, as you are
interested in the women's
"higher education" question.

I saw young Carpenter
yesterday, & he told me
you were now with his
father; but as I don't
know D. Co.'s address, I
send this to Chilchuck,
whence I know it will be
forwarded in due course.

All, I am glad to say,
still goes on satisfactorily
with us here.

Our best regards to you all,
& believe that I am,

Very faithfully yours,
J. F. Armstrong.
