My Dear Friend

I am glad to hear
of your safe arrival.
Many thanks for the
Tubers which came to
land quite safely and
suggested your arrival.
I only hope you have
not robbed your own

Garden for them. Is
there no possibility of
your coming this way
round on your way to
London - I should much
like to show you my
new Heterangium. It
would not lose you
much time to do so.

All here send kindest
Regards to the entire
Frio - My Daughter has
just returned home
from Germany

Ever ever yours

W C Williams
