

Montreal, Aug 16th 1887

Sir. W. Dawson
Little Metes.

Dear Sir!

It was not my fault that
you were asked to pay the
telegram I sent to you. I
gave that telegram the evening
before his despatch to Mr
Shirman, manager of this hotel
and this gentleman has not
so much sense to pay the telegr
When I received your answer
it was too late to go to L. B.
the train was gone, and possibly

to loose a day more I feel
very sorry that I can't come
to see you. Prof. Tenhallow
of Mr. Gill College gave me a kind
introduction for you. but although
I was not willing to trouble
you in your lovely summer resort
he urged me to see you in every
case. I ask you therefore to
pardon my intrusiveness.

I was once in the interest
of our Royal Asiatic
and Ethnological Institution
: British India the Malaya
Tainisula and was in very
friendly relation, with the
most prominent British
peopl. of the far East

I studied a part of your Aradian geology and found it highly interesting.

With kind regards

and the hope to see you once
