

Petow 9th Oct 88

My dear Sir William

I am sending to
your address per S. Miramichi (which
sailed last night & ought to reach
Montreal on Saturday 13th Inst.)
a basket of our damson plums
which I hope Lady Dawson will
accept from me with my kindest
regards. Perhaps she will find
enough to give Mr. Harrington
a share - please remember me
kindly to the latter. Our
damsons are not so large as this
season as usual owing I think
to the continued wet weather
black of our orchard. I hope these
I send you will reach you in
good condition.

Mustering that you
are all well and that you

suppose no ill effects from your
accident at Mitis: I remain

With all good wishes to
you and yours

Yours faithfully

J. P. Rivers

Has George been away this
summer has he returned
yet to Ottawa I trust his
health continues good.

Capt Baquet of the "Marianne"
has instructions to send the basket
up to the college on arrival. Freight
Six Mrs. Dawson ^{conferred is prepaid.}
