Sir W Dawson

Dear Sir,

The other day while
in Kingston Ont Mr W. G. Kidel gave
me a piece of Lignite a portion of
which I herewith send you. So far
as I know it is from a new locality,
and will probably be interesting to
you, Locality on specimen.

During my short stay at Calgary
N.W.T. this season I made a small,
but good collection of fossil plants
from the sandstone cliff below
the Railway Station, and another
small collection from Red Deer River,
mouth of Blinze man River. Would
you like to see these?

Yours truly
Horsfield Weston

Mr. H. Dawson

Dear Sir,

I have the pleasure to acknowledge the receipt of your letter of the 20th inst. in respect to the fossils from the sandstone cliff below the railway station, and another small collection from the "Red Hill" north of Berlin near this place. You like to see these fossils? I have the pleasure to inform you that I have a small collection of fossils from the sandstone cliff below the railway station, and another small collection from the "Red Hill" north of Berlin near this place. You like to see these fossils?
