Dear Sir William,

I was sorry to have  
missed you when you kindly  
called on Saturday. The  
passing of the B. & O. Bill through  
the Assembly is so far gone and  
it is like to find its way  
equally well in the Council.  
With this view I should not wish  
to send a note to Parker on subject  
unless for which may be some

use and I shall endeavor  
to see Mr Barchinelle in  
Ottawa as you suggest and  
again make his good offices  
in favour of Mr

I saw Lord Stanley out today  
when he expressed much regret  
that he could not lead the  
University Dinner on the  
14th.

The chance of our  
getting the workman for July  
soon is I hope a good one.  
I go to Ottawa this evening  
Sincerely yours  
Edmund Smith
