

2507 Pine St San Francisco Cal. May 13<sup>th</sup> 1905.

Sir J. W. Dawson, L.S.D., F.R.S.

Pres. McGill Univ. Canada

Very dear Sir:

In your "Meeting-Place of Geol + Hist," you refer to a paper written by Horatio Hale in the Trans. of the Roy. Soc. of Canada, vol IX sec II.

Can this be had in any paper or pamphlet form?

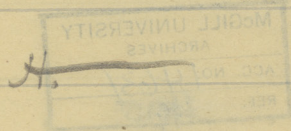

If so, can you send me that paper or pamphlet?

Send also the cost & I will repay thee.

Truly yours,

Alfred Higgie

P.S. I have, in several instances, inquired at the different City Libraries & also at several book-stores, for your "Fossil Man", & have been told that it is out of print. Is this a fact? If not, where can I obtain it?
