

30 Mar. 1899

Dear Sir William Dawson,

I take pleasure in informing you that at the meeting of the Board of Governors last Saturday the Board decided to fund the unexpended balance of the Mining Fund of 1891 and to apply the income to the maintenance of a Fellowship or Demonstratorship in the Department of Mining.

In view of your own contributions to that fund and of your great interest in the establishment of the Department, the Board thought that your name would be very appropriately associated with the Fellowship, and resolved accordingly that the position should be styled the "Dawson Fellowship (or Demonstratorship) in Mining".

With kind regards and best wishes, I am

Yours faithfully

W. Vaughan
Secretary
