

Kelley Depot, Maine,
May 12th 1899

Dear Mr Dawson.

I had full expected to see you again before leaving Montreal, but found so much to do that it was quite impossible. I would suggest that when the money for the Pleistocene Committee arrives, Coleman be given his \$25. for which he should return duplicate receipt, and the \$5 for Ottawa work could be given to either Quie or myself and duplicate receipts returned. I shall be glad to attend to this distribution for you if you so desire.

Our Spring is very beautiful here with the fresh green leaves, song birds and an abundance of flowers, and often wish it were possible for you to be here for a time to enjoy some of these delights with us.

Our warmest regards to yourself and Lady Dawson,
W. C. Cushman

Prof. Penhallow
