My dear Uncle & Aunt

I do not know whether
you are aware of the change
I have made by leaving off
the sea for a time and come
to America to try my fortune

I have been here about 3
months working in a shop
and expect to be payed off
in a fortnight or three weeks
as my present employer will
have nothing to do, so far
as he knows of and may I

ask you if there would
be any chance of me getting
on at Montreal have you
got any influence with
ship owners or engine builders
that you can use on my behalf
if so I would be delighted
to spend a summer there

I will be very pleased to
have a few lines from either
Aunt or yourself. I had
a letter from Edin^g last week
and all were quite well

With fond love to you all
I remain ever

Your Affec^{ate} Nephew
