Ottawa

Dear Father

Yesterday had a visit
from Dr. Tharburn who talked
about the American association
meeting & suggested that a
Committee should be formed here
to receive the Assn which
would doubtless make an
excursion to Ottawa. You
might communicate with him
on the subject. I hear that
you are likely to be up here on

Saturday On a meeting
 about the Soc. Secs. unit. You
 will doubtless let me know.
 I have applied for & arranged
 to obtain leave of absence
 from the Geol. Survy in April
 next, for the purpose of going
 to Germany

Yours M. C. Son

Serge
