

Little Falls

Aug. 7th 1882.

My dear Dr. Dawson,

Your letter and
the enclosed \$20.00 arrived
safely although Hamilton
had neglected to register it.
Thank you for your kind
thoughtfulness about Anna.
I sincerely hope that she
will be able to go to the
meeting of the Association, but
there are certainly many dif-
ficulties in the way.

We are having beautiful

weather, though rather warm
for this time. There has been
very little rain here for
weeks and many are
empty water-barrel criers
out for water.

Much to the surprise
of everyone Mrs Peter Redpath
arrived here on Saturday
and is staying at "Birkenshaw."
Mr. R. I am sure you will
be glad to see as there are
so many points to be discussed
with him in connection with
the new museum.

I have been writing tickets
since I came down and have
made some progress, though

not so rapid as I should
like. I hope, however, to get
a good deal done to-day.

Anna is well and sends
love.

Yours very sincerely
B. J. Harrington.
