

Murray  
Phillips

My dear Mrs Dawson,

I have just returned  
from a careful survey  
of your house, and have  
seen a more encouraging  
report than that which  
my husband gives in  
his note to the Principal.  
The lower flat is all  
finished, with the ex-  
-ception of the kitchen,  
and the upper one with  
the exception of the doors.

I made particular en-  
quiries not only of Mr.  
Leggatt, but of the work-  
men, and I am assured  
that the interior of the  
house will be completely  
finished this week.  
Mrs Major's will be  
finished tonight.

I am afraid I  
must unwillingly have  
been the source of your  
alarm. From my first

impressions I thought  
it impossible that your  
house could be ready  
in time — but a week  
has made a wonderful  
advance, so that  
there is now no need  
for anxiety —

I do hope you will  
enjoy here all the  
rest you so much need.

With kindest regards  
ever believe me

Yours most sincerely

Maggie Pabon
