Dearest-mother,

Just a line to tell you that all goes well here - the weather is fine & still summer-like & I have got - my house pretty well in order, & most of the winter work receding. I will very likely have to change my cook but that remains to be proved we have even had an afternoon tea on behalf of the new prof - most interesting to us - Dr Porter, which went off well - I was glorified to see flowers out of your garden, & an arm-full of flowers from Mrs Moller's garden. I had a letter from Haukeine lately, in

which he seems pleased with
his outlook & says & glo-
says she thinks they will
not get to Vancouver for
another fortnight - so there
is no immediate hurry
about them - I suppose
you will have no quar-
on your hands till you
can despatch her to Flarum
I can give her a bed if need
be for a night or two -

With much love to
papa & yourself -
Aunt

Rankine must be married
now - to Glo Coats daughter
of Sir Thomas Coats.
