My dear Walter,

I have a request  
from Prof. Winchell of  
Minneapolis for a  
cabinet photo. of fossils  
for reproduction in the  
next month's number of  
the American Geologist.

Can you send me ones  
that you would like reproduced?  
If there should be remaining

a spare copy of the Gazette  
 or Star of Nov. 20. I might  
 also send him that to  
 help in ~~that~~ being replied  
 to. I think there were  
 some one, but am not sure.  
 Anna would probably know

Yours  
 Jeff
