

Bella Greenshield's

Beauvais

45, Canning Street

10 June

My dear Mrs Dawson -
I am afraid I
must now give up my hope
of seeing you on this side of
the water & I am very sorry
& disappointed about it.
I feel it is my own fault
for not writing sooner to
keep a day or two from you
I did write to Eva about
a fortnight ago to 27
Castaine Terrace ask-

ing you to come & see me - but
I don't think she can have
got my letter for Mr. Fluty
told me you were in Scot-
land at the time. - I am
writing now to the Allan
Office just to say good-
bye - I dare say Mr. Dawson
will be calling at the office &
or if not you will get it on
the steamer. -

I am so ashamed of
my long delay in writing
to thank dear Eva for her
kind present - I told her
in my letter how much I

I had appreciated & enjoyed
it - it looks lovely with
flowers in it. I hope she will
forgive my neglect. - My
last fortnight of Brownie
was so busy that I put off
writing till she was gone & then
left it till too late. -

Beaumaris seems always
to interfere with my seeing
you - last summer I was here
when you arrived & now I
should certainly have seen
you for a few minutes at
least had I been in Liverpool.

Eleanor is looking very
well she & Mr. F. feel called

here last Saturday just
after we had arrived - they
had been staying at Betty's
& Coed. — How glad you must
be to think of seeing all your
dear ones again — please give
my best love to Mr Harrington
& remember me very kindly
to Mr George & Mr William.
Mrs Harrington called on Mrs
the week she arrived. — I am
glad to hear all her little
people are so well. —

I do wish I could have
shown you our little boy —
dear Mr Dawson - it is a
great disappointment

to me - for I know your being
on this side is a very rare
occurrence & I would have
given a great deal for the
pleasure & honour of enter-
taining you either in Liver-
pool or here - I have so
many pleasant memories
of your kind hospitality -
there is no one I would so
much enjoy welcoming as
you. -

I wish Lou & I were going
out to Montreal with you
how pleasant that would
be! - Mother would love

To see little Pomme - he
is lying on the floor beside
me now - I wish you could
see what a dear little
lad he is. -

My kindest regards
to Dawson - & much
love to yourself & Eva - &
wishing you all a very
safe & pleasant voyage
Believe me dear Mr Dawson

Ever yours affect^{ly}
