Dearest Father,

Eric is quite a tourist now, he went to St Andrews for a day, then to Luebec and now is staying at St Agatha for a week with Mrs Cox, Jack, Kathy, Eric and Miss Adamie. Is (Scotland) Ireland at all a nice place I should not think it is, nice as Scotland. My lessons end at the end of this month. Mrs Law has gone to England & had given us permission to pick as many violets out of her garden

as we wish tomorrow we are  
going to take some to the children  
at the hospital. On Friday Mother  
said she knew a splendid place where  
we could get flowers she said to  
go straight on a certain road until  
we saw a statue of an Angel &  
then to turn up a road but we  
walked on and on and could not  
find this statue till at last we  
had to turn home and found  
that we had walked almost to  
the end of Outrement we were  
all complaining of being tired  
except little Lois who said she was  
not at all tired which surprised  
us all very much. May we have  
a gate put between our fence and  
Mr Peases our boys and theirs dug  
a big hole under the fence so as  
to get through easier but Mrs  
Pease said that a gate had better

be made, and she asked Mother  
and Mother said she would  
write and ask you I hope you  
will allow us to have it done Mrs  
Pease will see about haveing it  
made, but is waiting for the reply.  
I need not tell you about Baby  
as Mother is going to. Do the  
people who sell pentury things sell  
China animals?

With much love from all  
I am your loveing.  
Ruth.
