My dear George

I have sent by book  
 just a copy of my new Handbook  
 of Zoology. When you take up  
 Zoology in the evening school  
 you will find out that its clas-  
 sification is all wrong - a word  
 of barely he - and I do not  
 think so. It will be useful  
 to you in giving American ex-  
 amples of Zoological groups.  
 The printing is not so nice  
 as it should be; but that  
 is a la Montreal

Yours affectionately  
 Paper

We are making a new effort  
 for a subscription for the College  
 as you will see in the news-  
 papers. I hope we shall succeed

 It will be

 I am

 hear of  
 your
