London. 10 Sept. 1875

My dear Dawson,

I duly recd. your
letter of 30 July and was
delighted to hear you had
got clear of the printer &
had started on your new
series. I have written
to Principal D. asking him to
send me 6 copies of
your report. I have reported
to Lord Derby that it is desirable
to publish a complete set of
the work of the N. A. S. C. at a

cost of all: £200 & I think
there will be some credit
embodys all you report in the
general one. The Arsenic
talk of spending from £2000
to £3000 on their report, and to
have plenty of illustrations.

Hard and I H are here &
we expect to drop off me by one.
but then will be work going on
here probabll till 31 Mar. rent?

Poor Row is still very shaky
& has extension of sick leave
till 31 Dec. I am in great
hopes he will be able to
join us then, but this is uncertain.

Our Commissioner has just
Maritima and we expect him
in England at the end of October.
I want to be ready for his visit.
arrange at Bristol as well
with Hertz & Bauerman. The
former was delighted to hear
about you. She has a heap of
technical questions to ask
which you could have answered
readily. We hear that A.L.
Russell has smashed his
ankle being pitched out of his
scaffold on the march out
from Sarag. a most unfortunate
beginning. I have a letter from
Lappa de Kied (that was)
dated from Homatho R. We.
21 July Sarag. You were daily
expected to see them part.
The Kied is done to well. But

I shall be glad if you will
use him in helping hand for it
be in your power. He writes
me admirable letters. Remo
the Reg. of the Cavalry sent at
Furber M^r. & the matter turned
up here yesterday. I was had a
pleasant little dinner together
at the "Junior". The Impet - the
Americans were in March to
went up. I suppose he shall
all be scattered to the 4 winds
I wonder whether a postful
Dominion will ever utilize the
services of any of our party. Did
not their work magnificent? -
Poor Duckworth has paid
up £5 in acct. of his extra
travelling expenses when he was
detained at Dufferin with D. T.
at the last!! Wish you for much
prosperity & hope we may meet again
in London. Always
your sincere friend
