Dear Westminster

Dear Sir,

I am in receipt of yours of Jan 4 enclosing acct. for articles furnished for the exhibition, & will remit in a few days. It seems to me however that some of our friends have charged rather heavily for articles supplied especially when I find many people here on the Island willing to give small samples of produce &c gratis when the object for which they are required is made known. The exhibit about N.W. & Chellwack is now pretty fully represented, & I do not know anything further that needs attention save the Hayle hoops spoken of on my last visit. The smoked Salmon I am sorry to say have become mouldy & have therefore not been forwarded. In regard to the Corners, it would be an interesting exhibit if it could be prepared by any one really understanding its matter but unfortunately put up would probably spoil in transit.

Yours very truly

J. Dawson

P.S. I hope you received the exhibitors forms forwarded some time since. It is very desirable that they should be filled up when possible; especially for the Butter, Cheese, tinned Salmon & specimens of grain. Perhaps the exhibitors would allow you to file the necessary parts of the forms in their names.
