5th March 1880

W. H. Dall Esq
Washington D.C.

Dear Sir,

I have I presume to thank
you for a copy of the Appendix
to the Alaska Coast Pilot. Received
a few days since. It will be
of great service to me.

In looking over the bibliography
I am sorry to notice that
mention of the various Geological
Survey Reports on British Columbia
— published annually since

(2)

1871 - has been accidentally
omitted. About five weeps have
also appeared in connection
with these reports, which should
have place in the list.

If it is likely that a Supplementary
list may appear I will look
through the bibliography with
greater care in search of such
omissions.

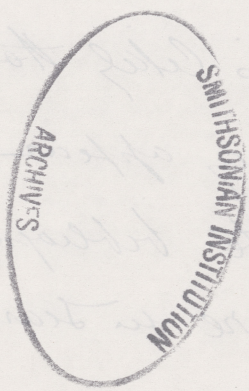

Yours truly

George M. Dawson

McGILL UNIVERSITY ARCHIVES
ACC. NO. 2252
REF. 92

(2)

1871 - for ten consecutive
months. That five weeks has
also appeared in various
with the report, which has
for has in the list.
