Dear Dr. George Dawson,

The last mail has brought me your valued form of 4<sup>th</sup> Inst. for the information contained in which pray accept my best thanks.

It almost seems as if the localities where Coal is exposed are so numerous as to make selection difficult. You certainly the Government will not allow them all to go into the same hands.

J

I shall therefore look  
with much interest to  
your promised report  
on the quality of the  
Coal. Bryant seems  
to give the preference to  
Rock River, both for  
quality and facility of  
burning.

My son Elliott has  
been detained by the  
Government at Winnipeg  
but I think it cannot  
now be long before he is  
at Ottawa.

Believe me  
Yours Truly  
W. Hall
