Dear Dr. Dawson,

Your letter is received, and I am very much obliged to you for the information, which will be of service to me.

I have lately had a request from Mr. Ernest Ingersoll, asking me to write for him a letter of introduction to your father at Montreal. Mr. Ingersoll was formerly entirely worthy of confidence, and I have no hesitation in giving him the letter on my own account. He has however for a long time been connected with the newspapers, and travelling about the country, and has been out of my sight. I do not know just how he has con-

dictated himself, and I think,  
from what he says, that very  
probably you know more about  
him than I do. If you know  
of anything which you think  
it would be desirable to say to  
your father as a qualification  
of my letter, you are at perfect  
liberty to do so, and I should  
thank you for it. If there is  
nothing at all in the way,  
it would be a favor to me if  
you would drop me a postcard.

Yours very truly  
Alphens Hyatt
