Dearest George,

I don't think we can judge K. by our ideas, he is set in an absolutely different key, & I have found myself unable to follow his line of thought or action in more cases than one. If you are dependent upon him, & give yourself over unreservedly to his leadership he is most kind & thoughtful otherwise. Very difficult.

I have sometimes thought that his peculiarities, almost amounting to a lack of responsibility, or at least some kind of spiritual vision, that prevents him seeing things as others do. But as a first principle, whatever happens there must be no quarrel & however hurt we may be I think we must forgive, &

thought of calling. We have no calli colors  
or have had to send to 10 or 12 other houses - Satan's  
with colors that do, we had sent. I am  
inclined to think that your grief & words  
at every of expressing yourself has led to  
unsubstantial or. Heaven & feelings = I also  
referred to some giving opinions on thoughts  
to which Heaven is of probably not at all  
any influence to them. I had first-concepts  
in your judgment. I will write now of  
deceivable & very Heavenly what I think. Heaven  
I have other matters has written, as in what  
weir. The class has seen at all cause of the  
criticism that will fall upon such a being. I have  
mean myself to the Heavenly R. Heaven trying his  
unsubstantial if ever a grace Heavenly, & Heavenly  
& Heavenly Heavenly Heavenly as often have Heavenly  
it - Heavenly Heavenly to her Heavenly & in his Heavenly  
Heavenly when it of Heavenly & Heavenly Heavenly  
him, were a Heavenly & Heavenly.

as far as may be forgot.

My hope has been that H. wrote that letter in a temper, intending to write likewise to you, & when he did not, I refused it - had blown over. In asking mother to show ~~it~~ to you, he may have forgotten how bad it was.

I strongly feel that the biog must not appear as it is that chapter abt. Mother is to me shocking, as given to the public. & no justice is done to the beauty & progress of a life like father's. & the public will cry out that we in the inner circle have not known or appreciated what every affluient family, or every employe realized. If calling will stay matters, I wd. receive calling H. since that you have relinquished your charge & I assume it - is the radical error - you have assumed & retain it - & accepted this biog in the matter. I wish you had said what you

I fear that many friends will be indignant  
that H. sh<sup>d</sup> edit it at all.

I wish I c<sup>d</sup> give you a clue as  
to what w<sup>d</sup> best influence H. but I can't  
we must all do what we think right -  
however he takes it & do all we can for him  
& his in other regards -

Very much love, dear Trustees  
I sh<sup>d</sup> take the whole worry on my own  
shoulders -

Anne

Shorting remarks  
Biography

P.S. What about W. w<sup>d</sup> it be well to consult him & have  
write to H. surely he ought to have a voice as well as the  
others - I have written to H. & if I have time will copy  
what I have said & enclose

Suggestion - W<sup>d</sup> it do in any
