Dear Cushing,

I will bid to 100 for the VESAL letter and then we could toss for it. There are no other VESAL items that we have not got, but there are a great many other interesting ones. I think I will use my judgement and send some bids for you. I would have sent you the catalogue early, but I thought of course that Muller would send them to you at once. I shall go over the list carefully, and I hope you will get something. It is an extraordinary collection, not very rich in things of the first class.

Love to the family.

Sincerely yours,

W.O.

Do come & take a rest. You must need it sadly -  
Break away - & soon. The open arms, very open! Lovely weather.  
Nona Gwyn & Ottilie Wright are here. Very busy days.
