Dear Dr. Jacobs;

Very many thanks for the tie clasp. I wish I had written before to thank you for it - but days slip past so easily in holiday-time. I go back to work tomorrow & am coming up to Oxford to try for my exam in March. I tried in December but failed - this time I am going to be sure of it. Last summer I got my first Salmon & of course was very much pleased- however, no more so than dad who was delighted. Please remember me to Mrs. Jacobs.

Yours affectionately,

Revere.
