

C05417/37.8

(Typewritten)

(To Dr. Brockbank of Manchester)

From the Regius Professor Medicine, Oxford.
July 20th, 1906.

Dear Brockbank: -

Thank you so much for the volume with which I am delighted. It is a great credit to you and to the Infirmary. I am much interested in your sketch of Ferrier, which is the best I have seen. What an enterprising fellow he was and far ahead of his day and generation. His illustrations of Sterne is a favourite book of mine.

Sincerely yours,

Wm Osler
