Montreal.

My dear Mrs. Wright,

I enclose the little photo of your husband, taken by Inglis [his no. 51455]. When I tried recently to get a copy of an Inglis photo of W. O., Notman told me all Inglis's records and negatives had been destroyed by fire years ago. I also enclose a tintype of H. P. W., C. F. Locke and T. C. McConkey.

These both come from a folder lettered "Photos early" in Harvey Cushing's biographical material [# 8303]. If you want to keep either or both of them, I don't see why you should not, doubtless they ought to have been returned to the senders long ago!

I have just had a cable from my sister ~~Beatrice~~, "Norham safe all well." Norham is the name of her house at Coventry.

It was nice to see you on Sunday looking so well.

Affectionately,
