P.S. There are one or two things in the letters which I do not make out - namely in No. 8: "I sent the Plaut exper. with a brief note", or is it "Plant"?

*To-K.*

*Plant exper.*

Also in the last letter, No. 9: "counting and the plant" - is that correct?

Then in the first letter is it "Brixen" where the Augustin Convent is?

*This hospital is at Cues on the Moselle. On the opposite side*

*I am so much obliged for this fine series. of the river is Brunkastel.*

*"the valves, the pulse and respiration counting and the plant weighing."*
