HOTEL TRAYMORE

ATLANTIC CITY, N.J.

Tuesday A.M.

Dear Dr. Cushing:

Mrs. Grimes & I

have just noticed the

Palitzer award!

It is well-deserved. The
book is a great achievement
and you have done much
for medicine in giving it to
us.

And now you have brought
medicine a degree of cultural
recognition which no one

would have appreciated more
than to do so.

Sincere congratulations

Paul H. Walker
