Dear Doctor Cushing

The book is
beautiful and a joy! I
marvel at it. How could a
busy man like you do such
a piece of work which would
have taken many years if
a "full time" biographer had
done it.

I am charmed by the
beautiful style - I have

read only part of the book and
am going ahead slowly. —

I feel that I owe you
a big debt of gratitude.

Sincerely Yrs,
Harry Friedländer

P.S. Jonas is in Europe

or he would join

me in thanking you!
