Dr. Harvey Cushing,  
721 Huntington Avenue,  
Boston, Massachusetts.

Dear Doctor Cushing:

Thanks very much for the care that you gave Frederick Fuller! We feel quite incompetent to handle such things at our hospital and consequently, when they come into the wards, we have to send them elsewhere.

Also thanks for the splendid contribution you made in giving us all the "Life and Letters" of Doctor Osler. I have read both volumes with the greatest pleasure.

Most sincerely yours,

*David B. Jewett*
