DURHAM, N. C.

Dear Dr. Cushing, June 22, 1925.

Just a line to let you know that you have been affording me a great pleasure recently —

While I have been reading your biography of Sir William Osler, I have felt again very keenly the spirit which pervades the Brigham — a spirit, I find, very closely akin to that which Osler aroused at Hopkins — You have given something of great value to the present students of medicine and those who are to be —

Sincerely,

Blackwell Markham.
