July 23, 1925.

Dr. Harvey Cushing,
Peter Bent Brigham Hospital,
721 Huntington Avenue, Boston, Mass.

Dear Dr. Cushing:

Thank you for your letter of July 22nd, enclosing the Sargent sketch. This will answer our purpose most admirably, in fact, if there is no objection, I should like to make an enlargement of it, so that booksellers throughout the country may use it for window display purposes.

I tried to do this with the portrait which we used on the box, but it would not enlarge satisfactorily.

You will of course let me know should there be any objection to our using the Sargent sketch in this way.

I am a little dubious as to the wisdom of printing another edition on India paper, as the copies we had were not received with particular enthusiasm, and were sold on the understanding that only 50 copies were available for sale in this country. To print therefore another edition would seem like a breach of faith; but in any event we feel that the two volume style is to be preferred from a selling standpoint. But that is of course something for Mr. Chapman to decide, and he will no doubt write you about it.

You will perhaps be interested to see our latest circular of the work, and I am enclosing a few copies. If you want more, we shall of course be very glad to send them.

Yours very truly,
