J. W. SEARSON
PROFESSOR OF ENGLISH

January 30, 1926.

Dr. Harvey Cushing,
Peter Bent Brigham Hospital,
Boston, Massachusetts.

Dear Doctor Cushing:

I enclose herewith my check for the balance due on the operating fee for Mrs. Searson. I appreciate very greatly the miraculous work you have done in restoring Mrs. Searson. She has continued to improve steadily since her return and we are all very happy over the outcome.

You hinted that part of the proceeds of this operation should be spent in purchasing good books. You will be particularly fortunate if you can add to your library, books which give you half the pleasure and enlightenment that "The Life of William Osler" has given me.

Mrs. Searson and my daughter join me in this expression of deep gratitude and our best wishes for the long continuation of your distinctive service.

Very cordially yours,

J. W. Searson.
